It is our most sincere desire to continue offering, to our many satisfied customers, nursery stock in complete assortment, properly grown and reasonably priced.

We have, during the past several years, been very fortunate in being able to line out rather large quantities of many of the more popular items; hence, our stock is, as usual, most complete. A visit to our Nursery should prove mutually profitable.

Growers of Dependable Nursery Stock for over Sixty-five years.

TELEPHONE - RED BANK 6-2260

Visitors are always welcome at our Nursery. Our location on the Jersey Shore is easily reached from all points, due to splendid highways, and to our central location between New York and Philadelphia.

HARDY SHRUBS

Evergreen and Deciduous

Our stock of well grown shrubs is again in complete assortment. We have had the good fortune to be able to maintain our planting schedules throughout the past few trying years.

All of our shrubs are graded according to, and above, the Standards of the American Association of

Nurserymen.

Orders for less than ten plants of a variety or grade will be invoiced at an advance of 25% over the ten rate. This does not refer to varieties listed as balled and burlapped.

Prices quoted do not include cost of packing. See Terms and Conditions of Sale on inside of back cover.

One of our many blocks of well-grown Shrubs.

Special Shrub Offerings

We are again featuring our popular bargain shrub offers in an excellent assortment of varieties. All of these shrubs are two years old, or older; they are stocky, well grown material, and will meet with ready re-sale. All bundles will be properly labeled.

100 Assorted Shrubs, our choice of varieties, in good assortment, at 28c each 500 or more Assorted Shrubs, our choice of varieties, in good assortment, at 26c each When making out your order, kindly state whether you prefer mostly tall-growing shrubs, or medium-growing shrubs, or dwarf-growing sorts. If no preference is indicated, the order will be filled with varieties of assorted types.

The above prices do not include cost of packing. See Terms and Conditions of Sale on in-

side back cover.

10 100
ACANTHOPANAX pentaphyllum (Five-leaf Aralia).
7 to 8 ft. Glossy green foliage of deep hue on
bright green branches. A splendid shrub for city
planting since it is resistant to dust and smoke.
18 to 24 in
2 to 3 ft. 4.00 35.00
3 to 4 ft 5.00 45.00
4 to 5 ft. 6.50 60.00
5 to 6 ft. 8.50 75.00
ACER palmatum (Japanese Greenleaf Maple). 15
to 18 ft. Actually a dwarf tree. Displays brilliant
colors in autumn.
10 to 12 ft., B&B200.00
12 to 15 ft., B&B
.15 to 18 ft., B&B
A nalmatum atronurnuraum (Plandles Manla) 8 to
A. palmatum atropurpureum (Bloodleaf Maple). 8 to 10 ft. The brilliant red foliage, which it carries in
early summer, remains an attractive red until the
leaves drop in early winter. Our specimens of this
variety are the very best to be found anywhere.
15 to 18 in., B&B
18 to 24 in., B&B
2 to 2½ ft., B&B
A solution statement 1:
A. palmatum atropurpureum dissectum (Purple Cutleaf Maple). 4 to 6 ft. Decidedly pendulous in
growth with deeply cut and dense lace-like purple
foliage. Heavy specimen plants.
2½ to 3 ft. spread, B&B
3 to 4 ft. spread, B&B 90.00
5 to 6 ft. spread, B&B, extra fine 350.00
ARONIA arbutifolia (Red Chokeberry). 7 to 8 ft.
One of the best of shrubs for a naturalistic planting.
The glossy foliage, which assumes a rich autumn color, and the attractive red berries, which it car-
ries until midwinter, make this a splendid shrub
especially for fall and winter effect.
3 to 4 ft. 5.00 45.00
4 to 5 ft. 6.50 60.00
A. melanocarpa (Black Chokeberry). 8 to 10 ft. An-
other splendid sort for naturalistic planting. A
vigorous bushy type shrub, which carries vast quantities of showy white flowers in May, and persistant
black berries, amid the gorgeously colored foliage,
in the fall.
18 to 24 in. 3.50 30.00
2 to 3 ft. 4.00 35.00
3 to 4 ft. 5.00 45.00
NOTICE

NOTICE

We are very sorry to advise that we cannot accept any orders calling for balled and burlapped Shrubs except in carload lots, or delivery by truck. Just as soon as the present box lumber restrictions are rescinded, we will again be pleased to make shipment of orders calling for balled and burlapped Shrubs.

AZALEAS

Not only are these shrubs very popular for landscape planting, but also most of the evergreen varieties are in great demand for forcing under glass. Many florists have difficulty in obtaining sufficient of these gorgeous flowering plants to take care of the Easter and Mother's Day demand.

For many years we have specialized in the production of Azaleas. We suggest that you place your orders early for these most beautiful of all flowering shrubs.

10 100

AZALEA amoena (Amoena Azalea). 3 to 4 ft. Not only among the most popular but also one of the hardiest of the evergreen Azaleas, with attractive purple-red flowers. Foliage turns bronze in winter.

4 to 5 ft. 6.00 55.00 5 to 6 ft. 7.00 65.00 6 to 8 ft. 8.00 75.00 P. opulifolius aureus (Goldleaf Ninebark). 9 to 10 ft. Foliage, which is bright yellow at first, later changes to a golden, bronzy yellow. 2 to 3 ft. 3.50 PIERIS floribunda (Mountain Andromeda). 4 ft. Perfect evergreen for rockery or foundation planting. The waxy white flowers, which bloom in May, are outstanding against the background of dark green foliage. Best in acid soil. 12 to 15 in., B&B 27.50 15 to 18 in., B&B 30.00 P. japonica (Japanese Andromeda). 5 to 6 ft. Bears drooping clusters of white, May bloom. The foliage is an attractive light tan color in the Fall. Sorry, sold out. PRUNUS glandulosa (Double Pinkflowering Almond). 4 to 5 ft. Beautiful, double pink flowers, in early spring, practically envelop the branches. 12 to 18 in. 3.50 30.00

this a valuable ornamental shrub, but also the fruit which it produces is simply splendid for the making of jellies and jams. Many delicate white blossoms appear, on bare stiff branches, early in the Spring. Special feature: Thrives when planted very near the seashore and in sandy, or poor, soil.

Sorry, sold out.

HARDY VINES

We offer this season an exceptionally large and fine supply of hardy Vines, which have been grown with the utmost care. Their quality will surely please you.

the utmost care. Their quality will surely please you.
10 100 1000
AMPELOPSIS quinquefolia (Virginia Creeper). 40 to 50 ft. Handsome native vine. This rapid and vigorous grower holds beautiful large leaves, which turn bright crimson in the fall; bears blue-black fruits.
2 yrs. Medium \$ 1.50 \$12.00 \$100.00 2 yrs. No. 1 1.80 15.00 125.00 3 yrs. No. 1 2.40 20.00 180.00
A. tricuspidata (Veitchi) (Boston Ivy, Japanese Creeper). 40 to 50 ft. Strong, hardy, self-clinging vine with brilliant crimson, fall foliage and blue-black fruits. 2 yrs. trans., 9 to 12 in. 2.00 16.00 2 yrs. trans., 12 to 18 in. 2.80 24.00 2 yrs. trans., 18 to 24 in. 3.50 30.00 2 yrs. trans., 2 to 3 ft. 5.00 40.00 2 yrs. trans., 3 to 4 ft. 5.50 50.00
A. tricuspidata lowi (Geranium Creeper). 6 to 8 ft. A miniature form of the Boston Ivy, which also clings closely and colors up profusely in the fall. Thick-looking leaves are curiously twisted. 3 yrs., extra stocky 7.00 60.00
BIGNONIA grandiflora (Chinese Trumpet creeper). 25 to 40 ft. A most attractive flowering vine, with large brightly colored trumpet-shaped flowers which are orange inside, orange-yellow outside. 1 yr. grafts 6.00 50.00
B. Mme. Gallen (Gallen Trumpet Vine). 25 to 30 ft. Easy-to-grow hardy climber. It has very large flowers, of a tawny orange color, produced continuously throughout the summer and early fall. 3 yrs
B. radicans (Trumpetcreeper). 40 to 50 ft. A robust vine bearing many scarlet flowers in late summer. 2 yrs. 2.00 18.00
to 25 ft. Yellow June bloom is followed by conspicuous scarlet fruit in split, orange pods, which are frequently used for house decoration. 2 yrs. No. 1 3.70 32.00 3 yrs. No. 1 4.50 40.00 3.70 4.50
CLEMATIS paniculata (Sweet Autumn Clematis). 20 to 30 ft. Countless fragrant flowers, like tiny white stars, in late summer. These flowers are followed by attractive feathery-appearing seed pods. 2 yrs. Medium 2.50 22.50 200.00 2 yrs. No. 1 3.20 29.00 260.00
EUONYMUS radicans variegata (Variegated Wintercreeper). 3 to 4 ft. Especially attractive when clinging to a wall. Has small, glossy evergreen leaves pleasingly splashed with white. 2 yrs. No. 1

HARDY VINES-Concluded

TIARDY VINES—Concluded
HEDERA helix (English Ivy). 40 to 50 ft. Healthy and glossy evergreen. Good as clinging vine or ground cover, with bright, attractive foliage. From 2 ¹ / ₄ in. pots
JASMINUM nudiflorum (Winter Jasmine). 4 ft. Earliest vine to bloom, it is sometimes confused with the early blooming Forsythias, because of the bright yellow flowers, which it produces in March and early April, and because of its shrub-like growth.
18 to 24 in
LATHYRUS (Perennial Sweet Pea). See Hardy Perennials, page 64.
LONICERA halliana (Hall Honeysuckle). 20 to 25 ft. Exceedingly fragrant buff flowers envelop this popular semi-evergreen vine. A good ground cover or fence overspread.
2 yrs. Medium
L. heckrotti "Goldflame" (Goldflame Honeysuckle). 15 to 20 ft. Of the two-tone variety flower. Fragrant and lovely are the great quantities of showy clusters of blossoms, which are flame-colored outside, creamy gold inside and bloom from early spring until frost. Can be sheared to make a glorious flowering hedge.
2 yrs. No. 1 6.50 60.00
L. sempervirens magnifica (Everblooming Honeysuckle). 15 to 20 ft. Fragrant and beautiful orangescarlet flowers.
2 yrs. No. 1 5.00 45.00
LYCIUM chinense (Chinese Matrimony vine). 10 to 12 ft. Violet flowers in June, followed by conspicuous red fruit. Special features: Particularly good for seashore planting and perfect for holding banks.
18 to 24 in
3 to 4 ft 4.00
ft. Unexcelled in beauty in summer and fall, at which time its foliage is covered with great foamy white sprays. A vigorous and adaptable vine. 2 yrs. No. 1
PUERARIA thunbergi (Kudzu-vine). 35 to 50 ft.
Big, tropical leaves. Of very rapid growth. 2 yrs. 1.80 15.00
VINCA minor (Periwinkle). 4 in. Evergreen ground blanket, with delicate lilac-blue flowers in spring: thrives best in the shade.
From 2 ¹ / ₄ in. pots

DECIDUOUS TREES

We are proud to present a particularly large and fine assortment of Shade and Flowering Deciduous Trees. They have all been frequently transplanted and given plenty of space in which to grow which assures them of having both beautiful heads and splendid root growth.

Please note that, when less than 5 trees of a grade are ordered, our price per tree will be 10 per cent above our 10 rate.

10 100

ACER dasycarpum (Silver Maple). 70 to 80 ft. Popular quick-growing shade tree with leaves silver on the underside.

15 to 18 ft., 3 to 4 in. cal.\$60.00 \$575.00

A. dasycarpum wieri (Wier Maple). 65 to 80 ft. A graceful and lovely lawn tree, similar to the Silver Maple, with drooping finely cut foliage.

8 to 10 ft., $1\frac{1}{4}$ to $1\frac{1}{2}$ in. cal. 20.00 to 12 ft., $1\frac{1}{2}$ to 2 in. cal. 25.00

A. platanoides (Norway Maple). 60 to 70 ft. A handsome and familiar round-headed tree, its leaves turning a golden yellow in late autumn. The most popular of all trees for street planting, since even the larger sizes transplant well, and are tolerant of city conditions. We believe that no better trees of this variety than those, which we grow here at Little Silver, can be obtained anywhere.

15 to 18 ft., 3½ to 4 in. cal125.00
A. platanoides schwedleri nigra (Patent applied for).
50 to 60 ft. This is unquestionably the very best
purple-leaved Maple thus far introduced. It car-
ries very attractive dark purple foliage continuously
from late spring, or early summer, right up until
the leaves drop in the fall of the year. This is cer-
tainly a sensational variety, and one which we be-
lieve is destined to take the place of Acer platanoides
schwedleri.

Roses! Roses! Roses!

We still have in stock and unsold quite a good many splendid roses in fine assortment. If interested, write for list of varieties and very special quotations.

DECIDUOUS TREES—Concluded

10 100
T. platyphyllos (Bigleaf European Linden) 80 ft. Sim-
ilar in growth to the American Linden.
10 to 12 ft., 1½ to 2 in. cal\$ 35.00
10 to 12 ft., 2 to 2½ in. cal 50.00
12 to 15 ft., $2\frac{1}{2}$ to 3 in. cal 70.00
T. platyphyllos pyramidalis (Pyramidal Bigleaf Eu-
ropean Linden). 40 to 50 ft. Upward growing
branches, covered with heart-shaped foliage. Out-
standing feature: Is an ideal choice for narrow
avenues.
8 to 10 ft 55.00
10 to 12 ft., selected specimens 70.00
12 to 15 ft., selected specimens 90.00 \$875.00
15 to 18 ft., selected specimens 110.00
T. tomentosa (argentea) (Silver Linden). 90 ft. A
challenger of beauty. Pyramidal in habit, with up-
right branches. Heartshape leaves are rounded at
the base, sharply toothed and dark green.
6 to 8 ft
8 to 10 ft
ULMUS americana (American Elm). 80 to 100 ft.
Noblest of our native trees and, because of its
tendency to carry a tall trunk, a splendid variety to
plant near a building.
12 to 15 ft., 2 to 2½ in. cal 50.00
12 to 15 ft., 2½ to 3 in. cal 75.00
15 to 18 ft., 3 to 4 in. cal 95.00
U. pumila (Siberian Elm). 50 to 70 ft. Most rapid
growing shade tree; graceful, with dense foliage.
6 to 8 ft 11.00 95.00
8 to 10 ft., 1½ to 1½ in. cal 19.00 175.00
10 to 12 ft., 1½ to 2 in. cal 27.50 250.00
12 to 15 ft. 2 to 2½ in. cal 42.50
12 to 15 ft., 2½ to 3 in. cal 57.50
12 to 15 ft., 3 to 4 in. cal 75.00
15 to 18 ft., 4 to 5 in. cal 115.00
· ·

We have been located here for over sixty-five years.

EVERGREEN TREES

Our Evergreens have all been grown and graded up to and above standards adopted by the American Association of Nurserymen. In addition to this, they have all been sheared and transplanted frequently, assuring them of a very high average in quality.

All prices of Evergreens quoted in this Price List refer to extra selected specimens, carefully dug with balls of earth, encased in burlap or similar material.

NOTICE

We are very sorry to advise that we cannot accept any orders calling for Balled and Burlapped Evergreens except in carload lots, or for delivery by truck. Just as soon as box lumber becomes available, we hope again to be in a position where we can fill in a proper way orders which call for balled and burlapped material for shipment in wooden cases.

EVERGREEN TREES—Continued
10 100
T. cuspidata (Japanese Yew). 10 to 12 ft. Most de-
pendable is this spreading bushy Yew. Unless
pruned occasionally, will attain tremendous spread,
with an open center. 15 to 18 in. spread
18 to 24 in. spread
2 to 2½ ft. spread 50.00 475.00
2½ to 3 ft. spread 60.00 60.00
3 to 4 ft. spread
4 to 5 ft. spread
5 to 6 ft. spread, extra fine 200.00 1750.00
6 to 8 ft. spread, extra fine 275.00 2500.00
8 to 10 ft. spread, extra fine 450.00
10 to 12 ft. spread, extra fine 700.00
T. cuspidata andersoni (Anderson Yew). 10 to 12 ft.
Form of Cuspidata which grows more upright and
needs shearing. Good for a hedge. 15 to 18 in. 22.50 200.00
18 to 24 in
10 10 21 111.
T. cuspidata capitata (Treeform Japanese Yew). 25 to
30 ft. A dark green, symmetrical, broad pyramid.
This variety makes a distinctive hedge. 18 to 24 in. 2 to $2^{\frac{1}{2}}$ ft. 32.50 300.00 52.50 500.00
2½ to 3 ft
The considerate intermedia (III. Field Very) 12 to 15 ft
T. cuspidata intermedia (Hybrid Yew). 12 to 15 ft. Compact, dense, and always shapely and colorful.
This evergreen carries very deep, waxy green foliage.
12 to 15 in
15 to 18 in. 26.50 240.00
18 to 24 in
2 to 2½ ft 47.50
T. cuspidata nana (brevifolia) (Dwarf Japanese Yew)
4 to 5 ft. Slow growing. Is excellent for permanent
low effects. 9 to 12 in. 20.00 175.00
9 to 12 in. 20.00 175.00 12 to 15 in. 26.00 240.00
15 to 18 in
T. media Browni. A very popular variety with dark
green foliage, very dense habit. Can be easily
trimmed to tree or globe form.
12 to 15 in
15 to 1,8 in
T. media Hatfieldi (Hatfield Yew). 12 to 15 ft. Com-
pact, cone-shaped bush that offers many possibili-
ties, especially in a small garden.
15 to 18 in. 27.50
18 to 24 in
2 to 2½ ft. 45.00
T. media hicksi (Hicks Yew). 8 to 10 ft. Narrow,
columnar form, perfect as an accent plant.
18 to 24 in. 32.50 300.00 2 to 2½ ft. 42.50 400.00
2 to 2½ ft. 42.50 400.00 2½ to 3 ft. 57.50 550.00
3 to 4 ft
4 to 5 ft
5 to 6 ft

Waverly, N. Y.

Some of our Evergreens.

## HARDY PERENNIAL PLANTS

We continue to devote much care and attention to this department. Each year we test numerous novelties, but we do not offer such varieties to our patrons until after we have become firmly convinced that they possess real merit. Of course, we also continue to grow practically all of the dependable older varieties; in fact, we are proud of the comprehensive list of dependable Hardy Perennial plants that we are grow-

Prices refer to sturdy, field grown plants (unless stated otherwise), such as can be depended upon to produce quick and satisfactory results.

Orders for less than ten plants of a variety or grade will be invoiced at an advance of 25% over the ten rate. We have found it necessary to do this because of the extreme labor shortage.

### Real Bargains

Our sales of special offers of Hardy Perennial plants have steadily increased, which indicates many satisfied customers. A trial order will convince you.

Kindly indicate, when ordering, whether you prefer tall-growing, medium-growing or dwarf-growing sorts. We will endeavor to comply with your wishes, in as far as possible.

HARDY PERENNIAL PLANTS—Continued 10 100
PYRETHRUM roseum hybridum (Painted Lady). 12 to 18 in. Attractive, daisy-like flowers, of various
colors, from crimson to white, are produced freely during the late spring and early summer months
\$1.60 \$14.00 From 2 ¹ / ₄ in. pots
RUDBECKIA laciniata florepleno (Golden Glow). 5
to 6 ft. Big, double golden yellow flowers, like Dahlias, July to September. Excellent for cutting.  1.50 12.00
R. purpurea (Purple Coneflower). 3 ft. Drooping
petals of purplish red, tinted gold, from July to October
From 2½ in. pots
lemon-yellow flowers with purple center cone, in late summer. Good for cutting 1.50 12.00
R. White Lustre. 3 ft. Large pure white star-like flowers. Very hardy
SALVIA azurea grandiflora (Great Azure Sage). 3 to 4 ft. Many long terminal racemes of bright sky-
blue flowers, in late summer. Good for cutting.  1.60 14.00
S. pratensis (Meadow Sage). 2 ft. Countless deep violet-blue flowers, in June and July 1.60
SANTOLINA incana (Lavender-cotton). 6 to 8 in. Compact, silvery aromatic evergreen foliage. Ideal
for edging. (R)
SCABIOSA caucasica (Caucasian Scabiosa). 2 ft. Large sky-blue flowers, all summer long.
From 2 ¹ / ₄ in. pots
S. fisheri (Fisher's Scabiosa). 12 to 15 in. Double flowers of sparkling lavender-blue all summer long. Good for cutting
SEDUM kamtschaticum (Orange Stonecrop). 6 in. Orange flowers in late fall, with cactus-like foliage.
(R)
in. Huge flat heads of deep old rose flowers in late summer
S. spectabilis variegata (Variegated Stonecrop). 15 to 18 in. Deep rose flowers, with gaudily variegated foliage 1.60 14.00
STATICE latifolia (Sea-lavender). 18 in. Great heads of tiny light blue flowers, like forget-me-nots,
in midsummer
STOKESIA Blue Moon. 18 in. Attractive, large, silvery-blue suffused with lilac at center.
THERMOPSIS caroliniana (Caroline Lupine). 2 ft. Flowers like yellow Sweet Peas, in early summer.
THYMUS serpyllum (Mother-of-Thyme). 6 to 8
in. Fragrant creeping foliage, with lilac-purple flowers in early summer. (R) 1.50 12.00
T. serpyllum coccineum (Crimson Thyme). 6 to 8 in. Like the foregoing, but with bright crimson
flowers in early summer. (R) 1.50 12.00 From 2½ in. pots 1.20 10.00

HARDY PERENNIAL PLANTS—Concluded 10 100
TRADESCANTIA, Blue Stone. 18 to 24 in. Rich blue flowers, produced all summer \$1.80 \\$15.00
TRITOMA Early Hybrids (Torchlily). 3 to 4 ft. Yellow to orange-scarlet; August-October.  1.50 12.00
T. pfitzeri (Bonfire Torchlily) (Red Hot Poker). 3 to 4 ft. Rich orange-crimson blooms from August to October. Good for cutting
TUNICA saxifraga (Tunicflower). 6 in. Attractive tufted plant, with a profusion of pale pink flowers throughout the summer. (R)
VALERIANA coccinea (Jupiter's Beard). 2 ft. Deep pink flowers all summer, until October. From 2 ¹ / ₄ in. pots 1.20 10.00
V. officinalis (Hardy Heliotrope). 3 to 4 ft. Showy heads of rose-tinted flowers in June and July, with delicate Heliotrope fragrance 2.20 18.00 From 2½ in. pots 1.80 15.00
VERONICA amethystina (Speedwell). 8 to 10 in. Spikes of rich amethyst-blue flowers in midsummer. (R)
V. incana (Woolly Speedwell). 8 to 12 in. Vivid violet-blue flowers from close mats of silvery gray foliage, in July and August. (R) 1.80 15.00
V. spicata (Spike Speedwell). 1½ to 2 ft. Long sprays of bright blue flowers which will intensify the beauty of the border in early summer.
From 2½ in. pots
VIOLA Governor Herrick. 10 in. Single, rich bright azure-blue flowers in early spring, and again in the fall. (R)
V. Royal Robe. 6 in. Very deep violet-blue, fragrant flowers. (R) 2.20 18.00
V. Snowflake. 6 in. Pure white; single. From 2 ¹ / ₄ in. pots. (R) 1.80 15.00

### We Invite You

To visit our nursery whenever you find it convenient to do so. Not only would we enjoy chatting with you, but also we feel very sure that a visit to our nursery would be mutually profitable.

We have a large supply of well grown stock, much of which you can undoubtedly handle to good advantage—so come see us—you'll sure

be welcome.

### GARDEN FRUITS

# Blueberries (Huckleberries)

This season it is our good fortune to offer our patrons a large supply of Blueberry (Huckleberry) plants in splendid assortment, and never before have we handled Blueberry plants which average so high in quality as those which we are offering in this Price List.

It should be kept in mind that Blueberry plants are greatly benefited by cross pollenization, therefore, we recommend that plants of at least two varieties be planted in reasonably close proximity to one another.

We believe that the following list of varieties comprise the very best sorts as yet introduced:

Cabot. Earliest, with a heavy crop of big, delicious blue fruit on a high-branched bush.

Concord. Ripens with Pioneer, bearing large fruit of excellent flavor.

Jersey. New variety, ripens with Rubel, with large, well flavored, attractive berries.

June. Extra early. Berry is large, sweet and delicious.

Pioneer. Ripens early in the season, with spikes of very blue berries.

Rancocas. Ripens just before Rubel, with heavy yield of tasty berries.

Rubel. Latest, and heaviest, bearing of all. Best for canning.

Scammell. An improvement on the variety Jersey.

Stanley. Midseason; fruit large. Declared by many to be most delicious of all blueberries.

### Terms and Conditions of Sale

The prices published in this list cancel those in all previous lists. They are based on present market conditions and are subject to change without notice.

SPECIAL NOTICE—We exercise the greatest care to keep our stock clean and true to name. Should any be otherwise, we will return the money paid or replace it with other stock, but beyond this we are not liable for damage. A sure indication of the purity of our stock is that our customers continue to deal with us year after year. A Certificate of Inspection is attached to each shipment.

PRICES—These prices apply only to orders placed by bona fide Nurserymen, Florists and Dealers. Not less than 5 of a variety and size will be supplied at the 10 rate (for exceptions see Pages 1 and 26), not less than 25 at the hundred rate, and not less than 250 at the thousand rate.

SPECIAL SELECTION—All stock when specially selected on the Nursery will be sold at prices commensurate with the value of the specimens chosen.

PACKING—All stock is carefully packed in boxes or bales, for which a charge will be made based on actual cost of packing material used. This packing charge will apply to orders which have been paid for in advance of shipment, as well as charge orders. After delivery to forwarders, all articles travel at the risk of the purchaser, and if loss or delay occurs, the forwarders alone are responsible.

CLAIMS—If claims are made upon receipt of goods they will be carefully and cheerfully examined and adjusted. Any claims made 15 days or more after receipt of goods will not be entertained.

TERMS—60 days net, 2% discount 10 days, from date of shipment: Interest at 6% per annum to be paid after maturity. These terms are offered to those of established credit. Cash, security, or satisfactory references are required from customers not known to us. C. O. D. orders must be accompanied by 25% of the purchase price When ordering please use printed stationery or enclose business card.

Location of

### LOVETT'S NURSERY, Inc.

World's Largest Grower of Privet

LOVETT'S NURSERY, Inc., is located one mile from Little Silver depot, two miles from Red Bank, forty miles from New York City, and five miles from Long Branch. To reach it from New York City, take the Central Railroad of New Jersey (foot of Liberty Street), or the Pennsylvania Railroad (Cortlandt Street, or 33rd Street and 7th Avenue). From Philadelphia, take the Pennsylvania Railroad. In all cases get tickets to Red Bank. We shall be pleased to have you met at Red Bank depot, providing we are advised at least one day in advance of your anticipated arrival.
